"State of The Food & Beverage Industry 2008: A Bright Future"

Thursday, May 8, 2007

The Harvard Club

Anchin and Sovereign Bank hope you will join us for an informative and insightful morning. Anchin Partner Greg Wank, CPA, will share findings from the Firm's 2008 Food & Beverage Survey. This survey is the only one of its kind that addresses **the issues that face your industry on a regional (vs. national) basis**. And this event is **the only place to hear answers from your peers** to important questions related to growth, financial projections, and the future of the industry in the Greater New York area.

You will also have the chance to hear from three "stars" in the industry -- the CEOs of **Beyer Farms/Tuscan Dairy; Hale and Hearty Soups, LLC; and Jacques Torres Chocolate** -- who have fascinating stories to tell regarding the challenges facing each of them in the growth of their own companies and the establishment of their brand.

This insightful program, moderated by Greg David, editor, Crain's New York Business, is a must event for firm owners, CEO's, CFO's, and other executives who want to vigorously compete in today's changing food and beverage industry.

Please feel free to bring individually wrapped samples of your products for seminar attendees.
