

DIGITAL RISK SOLUTIONS

ABOUT ANCHIN

Founded in 1923 in New York City, Anchin, a leading public accounting, tax, and advisory firm, is recognized as a top-tier firm nationwide in terms of its quality, management, scope of services, and work environment.

With a diverse staff of nearly 400, including 58 partners and principals, and numerous specialized industry and service groups, our full-service firm provides companies and individuals with a wide range of accounting, tax, and advisory services.

At Anchin, we help you overcome challenges and achieve your financial objectives with exceptional confidence. We empower privately-held businesses, investment funds and high-net-worth families to realize their goals and drive success, in any economy. Featured consistently in leading “best of” lists for firm management and employee satisfaction, we have also cultivated a reputation for meticulous and thoughtful service—you work directly with senior-level professionals who provide expert advice, accountability, and continuity over the life of our relationship. When your financial future matters most, Anchin breaks through uncertainty with clarity, knowledge and skill.

DIGITAL RISK SOLUTIONS

Constant advances in technology can provide any business with new tools to enable growth and manage business risk more effectively. The pace of change, however, heightens the need to continuously adapt systems and processes to ensure both security and efficiency.

Many organizations struggle to launch their digital transformation journey. No matter where they are in the process, Anchin’s Digital Risk Solutions Group (ADRS) provides risk advisory technology solutions to help you overcome the complex challenges involved with data, cyber and digital transformation.

Clients often reach us when traditional applications have failed; we can provide fast-track protection to organizations during their most vulnerable moments. ADRS offers sophisticated acumen with technology, and extensive risk advisory expertise to develop cutting-edge solutions. The first priority is to prevent a situation from getting worse; when engaged preventatively, we can create a new competitive advantage.

KEY AREAS OF EXPERTISE:

Internal Audit/SOX/Compliance

We assess where Internal Audit and SOX can bring you the most value. ADRS provides services that include staffing and expertise to implement the use of **advanced analytics**, to make the audits and internal processes as efficient and effective as possible.

Digital Transformation

Using an AI-based technology toolset and extensive operational and technological expertise, our team will assess current operational needs and anticipate future needs. We’ll help you build out a roadmap towards a **successful and profitable transformation**, ensuring your system or operational transition is efficient and effective.

Risk Advisory

Whether it’s identifying key risks through a comprehensive Enterprise Risk Management program or developing key risk indicator dashboards, we enable business owners to make impactful **risk-based decisions** and give leaders a sense of the risks that truly affect their business.
